

CORRESPONDENT'S MESSAGE

by Rev.Fr.Dr.M.Maria William

Dear Xavieran Family,

I am immensely happy to felicitate all you through this issue of 'Campus Connect'. We are doubly joyful these days. At one side we are seeing valuable output for our valiant efforts, both of the students and staff, by way of their placements and innovative projects. At another, we are busy welcoming new students into our lovely institution, assuring them of great future and enriching education.

Through this Campus Connect I would like to wish all our out-going students great success and joy in life and a meaningful service to the people of our nation. I eagerly welcome all the newcomers and their parents as they join our Xavieran Family.

I would like to applause and appreciate all those who rendered their hard work and full cooperation for the successful celebrations of Sports Day, College Day and the Graduation Day. Those were the days of celebration of our values, achievements, solidarity and commitment.

I hope that the Chess club we have started recently in our college will surely help our students to discover new dimensions of their talents.

We cannot escape changes. We change. We see changes all around us, in our institution and in the society we live in. The question really is whether we are instrumental for good changes for a better life. Let us buckle up and start preparing for the next academic year with full vigor and enthusiasm.

I would like to gratefully recognize the great contributions of the staff who retired from service this year, Dr. S. Carmel Jawakar for his long, great service, including as a HoD, in the Civil department and Mr. A. Sirul Raj of Mechanical Department for their committed service. We wish them a long happy life.
