IV Board of Studies Meeting

Venue: Board Room

Date: 14-06-2024

Time: 10:30amto 12.30 PM

Agenda and Notes

Prayer

Welcome Address

04.01. Confirmation of the minutes of third BOS meeting which was held on 21-12-2023 and Decision/Action taken report.

04.02. Presentation of the proposed curriculum and getting recommendation for approval for the 6th semester core courses and Open Elective-I courses draft syllabi of UG programmes for regulation 2022.

04.03. Inclusion of two Professional elective courses.

04.04. Industrial Training and Internship Grading Rubrics.

04.05. Other matters if any.

Vote of Thanks

The 4th meeting of the Board of Studies started with a prayer by Dr.R.Jemila Rose and welcome address by Dr.R.P.Anto Kumar and the minutes are as follows

04.01. Confirmation of the minutes of third BOS meeting which was held on 21-12-2023 and Decision/Action taken report.

Department: Computer Science and Engineering

The minutes of the third BoS meeting and Action Taken report were presented by Dr. P.R. Sheebha Rani, Head of Computer Science and Engineering Department.

Sl.No	Suggestions	Action taken	Remarks
1.	It is recommended to interchange the topic "Iterative Improvement and NP-completeness" now in fourth unit to the fifth unit and the topic "Backtracking and Branch-and-Bound" now in fifth unit to the fourth unit of the course "Design and Analysis of Algorithms (CS22401)".	Interchanged in the syllabus	Confirmed in the BoS meeting.

Department: Information Technology

The minutes of the third BoS meeting and Action Taken report were presented by Dr.G.Sahaya Stalin Jose, Head of Information Technology department.

SI.No	Suggestions	Action taken	Remarks	
1	It is recommended to all the TCP courses should have their COs at least up to the level Analysis	We have changed all the TCP courses level up to Analysis.	Confirmed in the Bos meeting	
2	It is suggested to include maximum seven experiments in the theory cum practical courses.	Theory cum Practical courses are redefined and included seven experiments	Confirmed in the Bos meeting	
3	The courses listed under the various verticals of IT department curriculum were verified and recommended for the approval of academic council	Academic Council recommended.	Confirmed in the Bos meeting	
4	is recommended to use propriate Blooms axonomy keywords for e "Analyze" level course atcomes We have changed the keywords based on the suggestion.		Confirmed in the Bos meeting	
5	The committee suggested	Now the faculties are	Confirmed in	

	that it is not necessary to find the skill set for every course and to find the skill set acquired by the students on learning the courses.	undergoing the skill set training.	the Bos meeting
6	The committee recommended to having common list of teaching methodologies for the departments –AI & DS, CSE, IT, and MCA from which the methodologies for each topic can be chosen by the staff handling the courses.	 Chart making Mind map – unit-wise/course Brainstorming Quiz Voting Game storming Group Discussion Role play Seminars Group activities- miniprojects etc., 	Confirmed in the Bos meeting
7	It is recommended to use latest version Text Books and Reference Books.	As per the recommendation, wehave included	Confirmed in the Bos meeting

Department: Artificial Intelligence & Data Science

The minutes of the third BoS meeting and Action Taken report were presented by

Dr. R. Jemila Rose, Head of Artificial Intelligence and Data Science department.

Sl.No	Suggestions	Action Taken	Remarks
1	Media" Vertical for the	The course "Digital Forensics" is removed from the vertical "Creative Media" and the course "AI in Drone	Confirmed in the

Department: Master of Computer Applications

The minutes of the third BoS meeting and Action Taken report were presented by Dr. M. M. Janeela Theresa, Head of Master of Computer Application department.

Sl.No	Suggestions	Action taken	Remarks
1.	Students. Admitted under non _computer science category, nptel courses is to be included in elective	MCA students admitted to the non-computer science background category should undergo and complete one NPTEL course from the	

	courses list.	following list of electives before the end of the third semester. Elective List Software Conceptual Design Systems and Usable Security Fundamental Algorithms: Design and Analysis Demystifying Networking C programming and Assembly language	
2.	For course outcome formation, create level is to be considered only for specific courses.	The outcomes have been refined to the "create" level for specific courses. For all other courses, the outcomes have been formulated to a maximum of the "analysis" level.	Confirmed in the BoS meeting.

04.02. Presentation of the proposed curriculum and getting recommendation for approval for the 6th semester core courses and Open Elective-I courses draft syllabi of UG programmes for regulation 2022 General suggestion

It is recommended to include Ethics in AI concept in Professional Ethics course or as a separate course.

It is recommended to change course name 'Coding Skills And Quantitative Aptitude Training' to 'Coding Skills And Quantitative Aptitude' for both phases.

Department: Computer Science and Engineering

Open Elective

- In Data Science for Engineers (CS22681),
 - o It is suggested to add additional topics to the first unit.
 - It is recommended to include the latest edition book as the text book.
 - o It is recommended to reframe the CO1.
 - It is recommended to change the action verb of CO3 from 'Produce' to 'Write'.
- In Data Analytics (CS22682),
 - It is recommended to add some visualization tools and case studies.

Department: Information Technology

- In Data Science (IT22601) subject
 - It is recommended to include mini project within the 7 experiments in lab component
 - It is recommended to change the action verb of CO1 from 'Explain' to 'Define' or 'Describe'
- In Internet of Things (IT22682) Subject, it is recommended to change the CO2 from 'Infer the different IoT components and communication modules' to 'Differentiate the various IoT components and communication modules'
- In Fundamentals of Cloud Computing (IT22782) subject, it is stated that the CO5 is generic and to be reframed as a specific CO with respect to the unit.
- The subject name 'Python for data science' is to be renamed, as it has been an approved subject name in MCA curriculum.

Department: Artificial Intelligence & Data Science

- It is recommended to change the keywords of course outcome in the course Introduction to Big Data Analytics.
- It is recommended to use latest version of textbooks.
- It is recommended to interchange the title and reframe the contents of Unit I and Unit II.
- It is recommended to reframe the content of Unit IV.

04.03 Inclusion of two elective courses.

Department: Computer Science and Engineering

As per the proposal, two professional elective courses are recommended to add with the curriculum.

- Salesforce Administration offered by Softsquare Solutions can be added in the vertical -Software Engineering & Quality Management.
- Modern Application Development offered by Flutterfrog can be added in the vertical -Big Data & Data Analytics.

Department: Information Technology

As per the recommendation, two elective courses are added which are provided by the industry experts

- Salesforce Administration provided by Softsquare Solutions is added in the vertical - Internet Technologies
- Modern Application Development provided by Flutterfrog is added in the vertical - Cognitive Technologies.

Department: Artificial Intelligence & Data Science

As per the proposal, two professional elective courses are recommended to add with the curriculum.

- Salesforce Administration offered by Softsquare Solutions can be added in the vertical Design and development.
- Modern Application Development offered by Flutterfrog can be added in the vertical -Design and development.

Department: Master of Computer Applications

As per the proposal, two professional elective courses are recommended to add with the curriculum.

- Two professional elective courses, namely "Sales Force Administration" and Data Visualization Techniques, are suggested to be included in Semester II (Elective I) and Semester III (Elective IV).
- Change the title for Unit I to "Data Foundation Process" of the newly added elective course "Data Visualization Techniques."
- It is suggested to refine the course outcomes of the course "Sales Force Administration" such that each outcome begins with only one action verb.

04.04 Industrial training and Internship

A rubric for assessing the internship was discussed and it is recommended to simplify the rubrics.

04.05. Other matters if any.

NPTEL

Department: Computer Science and Engineering

NPTEL Course Completion status

The Chairman of CSE department presented the status of the NPTEL course during the academic year 2023-2024 and the detail are summarized as follows.

COURSE NAME: SENSORS AND ACTUATORS CLASS: III CSE (A&B)

SL. NO	NAME	REGISTER NUMBER	STATUS	PERCENTAGE
1.	ABINANTH K S	962221104003	Pass	54%
